GREENEVILLE
The funeral of John Bradley was
held from his late home at 585 Central
avenue with a large number of
friends and relatives in attendance.
There were handsome floral offerings.
The services were conducted by Rev.
William Sharkey, John Dunlop, Dr.
Patrick Sheehan, Martin Carroll and
John McKenna. The services in St.
Mary's church were conducted by Rev.
J. H. Fitzmaurice. Mrs. T. J. Healy
presided at the organ and at the
close of the mass Rev. J. Connelley
read a beautiful prayer. The body
was leaving the church for the St.
Joseph cemetery. The funeral was
held at 10 o'clock.

Charles Carboneau of the Newport
Trustees Association is spending a few
days at the home of his parents, Mr.
and Mrs. Michael Carboneau of 12th
street.

Michael Greene has returned from
spending the week-end in Providence, R.
I.

Turkey dinner was given in honor
of Private James Kirk at the home
of his sister, Mrs. Richard Seed on
Central avenue with a large number
present. Relatives of Mr. Kirk, the
guests were Mr. and Mrs. H. H.
Mayhew, Mr. and Mrs. James Ryan,
Mr. and Mrs. George Raymond, Miss
Mary Ward and Miss Marion Kirk.
The guests were Mr. and Mrs. H. H.
Mayhew, Mr. and Mrs. James Ryan,
Mr. and Mrs. George Raymond, Miss
Mary Ward and Miss Marion Kirk.

John Ricketts spending a few days
at the home of his parents on Pros-
pect street. Rev. Mr. Ricketts received
a telegram Sunday that his son
Paul had arrived in New York from
France. This makes three sons on
American soil from foreign service,
while there one more son in France.
William Ricketts has accepted a
position with Fred T. Lee.

John Thibault of New Bedford is
spending a few days in the village.
Peter Goodwin has returned from
spending a few days calling on his
relations in Glasgow.

CONNECTICUT QUOTA
\$64,900 IN BAPTIST DRIVE
James L. Cash has been made di-
rector and chairman for Connecticut
of the state laymen's committee en-
gaged to raise the state's allotment of
\$100,000 for the northern Baptist con-
vention victory campaign for \$60,000-
900.

The \$60,000-900 goal appears large
or small, according to our sense of
stewardship and Christian obligation,
says Dr. Fred P. Hargraves of New
York, who went to Boston to live. The Mis-
sionary Society of America has been
employed by the Portland & Mitchell company
to live with their brother,
whose wife died a short time ago.

Rainfall Nearly an Inch.
The rainfall of Friday night and
during Saturday amounted to .89 of
an inch, according to the measurement
made by the water departments of-
fice.

When a woman of forty laughs
heartily she really means it.

CHIMNEY FIRE WITH FAMILY ALL AWAY

Just before the town hall clock
struck the hour of 10 Monday night,
box 225, at the corner of Franklin and
Willow streets, was struck by a fire
in the building at the rear of 141
Franklin street owned by Emil Fox.
The upstairs part of the building is
occupied by Mrs. Elizabeth O'Connell,
who was away from home with her
whole family at the time the fire oc-
curred and not returning at a late
hour Monday evening. The blaze
started from a defective chimney near
the stove and ate its way up through
the partition to the roof where it
blazed out.

When the fireman arrived the par-
tition and the roof in a small spot
around the chimney were blazing, but
a line of hose from the chemical was
strung up across the roof of a long
shed that was at the house and the
blaze was soon subdued, and later
when a line of hose from the hydrant

was strung a stream of water turned
on. While the firemen were fighting
the blaze in the kitchen of the house
the chimney broke in two and fell on
the stove. Some of the flying debris
struck Deputy Chief C. J. Connelley
the right eye, cutting a slight gash.

The recall was sounded within 15
minutes. The damage to the building
was slight. The downstairs part of
the building is used as a carriage shed
by George E. Dodge and is connected
with the stable by a long shed.

The fire was discovered by some
people who saw the smoke coming
from the building and they notified
Officer Michael Carroll. Officer Car-
roll went to Dodge's stable to give a
telephone alarm but the operator told
Officer Carroll that the line was out of
order when he asked for the Central
station. He then ran out of the sta-
ble and to the corner of Franklin and
Willow streets and sent in the
bell alarm.

HORATIO BIGELOW STARTS
HOG RAISING INDUSTRY
Horatio Bigelow, who was formerly
superintendent of the trolley company
here and was later one of the heads
of the Thames River Spectacles Co.,
at Montville, is now living near
Charleston, S. C., where he is running
a breeding farm of high class swine.
Of his success in this livestock field,
the Charleston News and Courier has
the following to say:

When Horatio Bigelow looked about
for a place for development of a swine
breeding farm he found just the tract
he wanted, eleven miles from Char-
leston, on the edge of the state high-
way. The land is undulating and sur-
prisingly hilly for the coastal region.
Several sweet springs are in a dell
and from them the water runs down
the hillside to the sea.

Indicative of the worth of the tract
for swine breeding, Mr. Bigelow and
his manager, W. E. Horne, have been
most successful in the raising of regis-
tered Duroc Jerseys of very aristoc-
ratic stock. Not only is the tract
favored by nature, but the raising of
these hogs has been so successful that
it has grown all the feedstuffs necessary to
their sustenance.

At the present time the tract was all
under plow. Today it is one of the best
known and most thriving breeding
farms in the Southeast. Mr. Bigelow
looked it over with an eye of unques-
tioned authority, and he has been the
development along logical lines. He
and his manager are enthusiastic
about the results they have achieved.

Mr. Bigelow made his start in Jan-
uary of 1918. He began with ten
foundation sows. One of these was
by Corbin Cherry, King out of a Duroc
sow, second dam by Cherry
King second, the others chiefly of Col.
Ohio Chief and Orion blood lines. In
the early spring hogs were being
born.

Mr. Bigelow secured from Peacock
& Hodge, the 1817 Georgia Grand Cham-
pion, Immortal's Orion. This great
boar was the sire of all the hogs and
is a Duroc Jersey and is a spring
hog. He has thrived at Norfolk
Fields.

Mr. Bigelow's Orion, the prize boar of
Norfolk Fields, weighs a little more
than a thousand pounds. In length
he is a seven footer. He is good tem-
pered for all of his size and is a great
attraction for visitors whether they
be experts in an inspection tour, or
mere tourists who are interested in
the hog business. The size of the
hog is striking and it does not
require experienced eyes to remark
that he is an excellent specimen.

ASKS SENATE TO PROBE **NATIONAL WOMEN'S PARTY**

At the home of the president, Mrs.
Daniel A. Markham, in Hartford, a
very enthusiastic meeting was held last
week by the board of directors of the
Connecticut State Association Opposed
to Woman Suffrage. The following
resolutions were adopted by the na-
tional board of anti-suffragists and
have been presented to the United
States senate:

Whereas, There is an international
propaganda for the overthrow of con-
stitutional democracy and for the sub-
stitution of socialism and foreign ideals
of class rule for the representative
government under which America has
prospered for over a century, and

Whereas, The senate of the United
States has resolved to investigate this
radical propaganda, and

Whereas, As part of this propaganda
for internationalism and revolutionary
socialism and feminism radicals of
both sexes are seeking to arouse and
organize a movement among our citizens
to promote class and sex antagonism
and to discredit the constitution, the
laws and the political institutions of
the United States, and

Whereas, The president of the Na-
tional American Woman Suffrage as-
sociation is also president of a so-
called International Suffrage alliance
and has officially announced her deter-
mination to organize an International
Women Voters of the World—a new I.
W. V. of the world, of Austria, Hun-
gary, Finland, etc., and to influence
the governments of her own and
other countries, and

Whereas, August, 1914, the Inter-
national Suffrage alliance held an ex-
ecutive meeting in London, at which
elaborate plans were made to hold a
convention of the women in Berlin,
and at which Frau Rosina Schwin-
mer, secretary of the International
Suffrage alliance and president of the
German women's movement, was pre-
sented to the women in Berlin, and

Whereas, A set of petitions for
"immediate peace" signed by from
"the women of the world" but actually
written by Frau Schwinmer herself
at the London office of the Inter-
national Suffrage alliance, and

Whereas, An accredited investigator
of the United States military intelli-
gence service has testified before the
senate committee investigating German
agents and other Germans residing in
the United States, that he had been
"undoubtedly an agent of the German
government" at the time of her activi-
ties on behalf of the adoption of wom-
en's suffrage in the United States, and

Whereas, Bernard von Dornberg,
former colonial minister of the Ger-
man empire, Frau Schwinmer, a Ger-
man agent and other Germans residing
in the United States, are seeking to
organize a set of petitions for "im-
mediate peace" signed by from "the
women of the world" but actually
written by Frau Schwinmer herself
at the London office of the Inter-
national Suffrage alliance, and

Whereas, A set of petitions for
"immediate peace" signed by from
"the women of the world" but actually
written by Frau Schwinmer herself
at the London office of the Inter-
national Suffrage alliance, and

Whereas, A set of petitions for
"immediate peace" signed by from
"the women of the world" but actually
written by Frau Schwinmer herself
at the London office of the Inter-
national Suffrage alliance, and
